

Qiao Li

Curriculum Vitae, *Updated September 2026*

Peking University ▪ No.5 Yiheyuan Road, Haidian District, Beijing, China

<https://lqmath1824.github.io> ▪ lqlgw_pkusms@stu.pku.edu.cn

Education

Peking University

Ph.D. in Pure Mathematics

Beijing, China.

2024 – 2029

Peking University

B.A. in Chinese Language and Literature

Beijing, China.

2020 – 2024

Peking University

B.S. in Pure and Applied Mathematics

Beijing, China.

2020 – 2024

Research Interests

- Stokes phenomenon of differential equations with irregular singularities, and its relation with representation theory, Poisson geometry and quantum groups.
- Recently focusing on the relation between Stokes data with quantum supergroups and isomonodromic deformation in supergeometry (*Sep.2026*).

Publications & Preprints

- (with X.Xu) Quantum Stokes matrices for classical Lie superalgebras via irregular KZ equations, *in preparation*.
- (with X.Xu) Super Stokes phenomenon and isomonodromic deformations, *in preparation*.
- (with Z.Wang, X.Xu) Stokes phenomenon and quantum supergroup $U_q(\mathfrak{gl}(m|n))$, *submitted*, *arXiv:2606.00993*.

Conference Presentations

KU Leuven

Poisson Conference, Poster presentation

Leuven

Aug. 2026

Universiteit Antwerpen

Poisson Summer School, Poster presentation

Antwerp

Aug. 2026

Institute for Advanced Study in Mathematics

BIRS Workshop Around Singularities in Poisson Geometry, Invited lightning talk

Hangzhou

Aug. 2025

Shanghai Jiao Tong University

Chun-Tsung Scholar CURE Program Exchange Conference, Invited talk

Shanghai

Nov. 2023

Grants & Awards

Awards

- Merit Student Pacesetter; Jinde Elite Scholarship Peking University, 2025 – 2026
- Merit Student Pacesetter; Canon Scholarship Peking University, 2024 – 2025

Grants & Fellowships

China Association for Science and Technology **Beijing, China.**
CAST Young Science and Technology Talent Cultivation Project PhD Program 2026-2028

Peking University **Beijing, China.**
Hui-Chun Chin and Tsung-Dao Lee Chinese Undergraduate Research Endowment 2022-2023

School of Mathematical Sciences, Peking University **Beijing, China.**
the Elite Education Program in Basic Mathematics 2021-2024

Teaching

Teaching Assistant with Recitation Sessions

- *Linear Algebra B*, Peking University Sep. 2026 – Dec. 2026
- *Linear Algebra B*, Peking University Sep. 2025 – Dec. 2025
- *Calculus D*, Peking University Sep. 2024 – Dec. 2024

Teaching Assistant

- *Calculus C*, Peking University Feb. 2026 – Jun. 2026
- *Mathematical Modelling*, Peking University Feb. 2025 – Jun. 2025

Activities

- President of *SMS Graduate Union*, Peking University. Mar. 2026 – Mar. 2027
- Organizer of *Doctoral Forum on Analysis and Differential Equations*, Peking University. May 2026
- Organizer of *Doctoral Forum on Mathematical Physics*, Peking University. Dec. 2025
- Vistor at *the University of Hong Kong*. Jul. 2025
- Organizer of *Seminar on Quantum Groups*, Peking University. Mar. 2024 – May 2024

Skills

- Programming & Tools: Python, LaTeX, Matlab, Mathematica, SageMath, Git, Zotero.
- Languages: Chinese (Native), English (Fluent), French (Basic).
- Interests: Chess, Table Tennis, Road Cycling.
